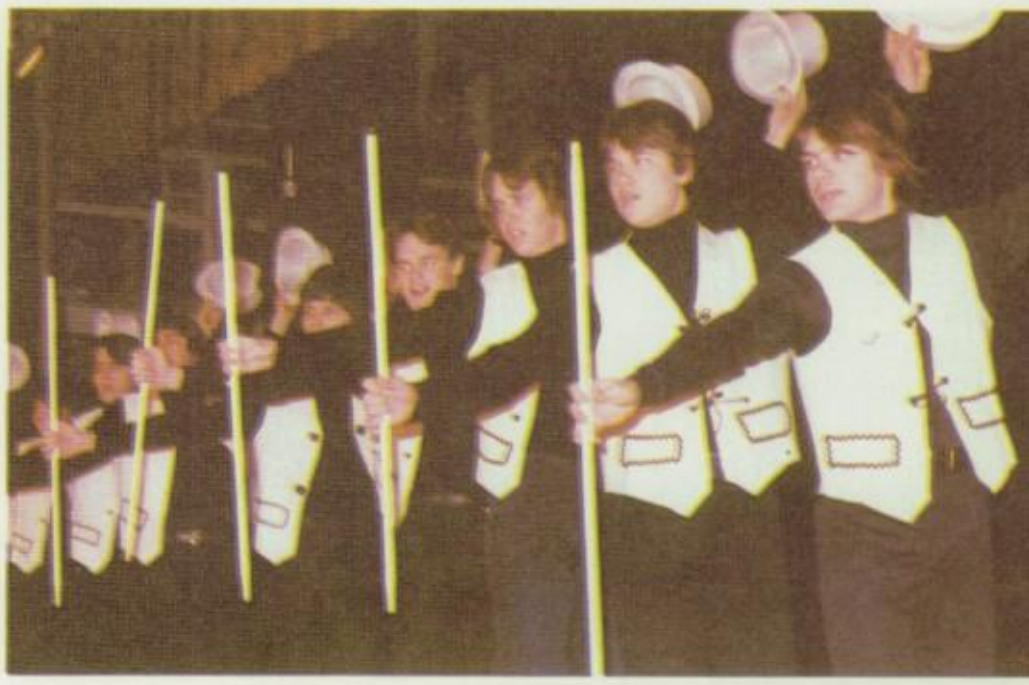
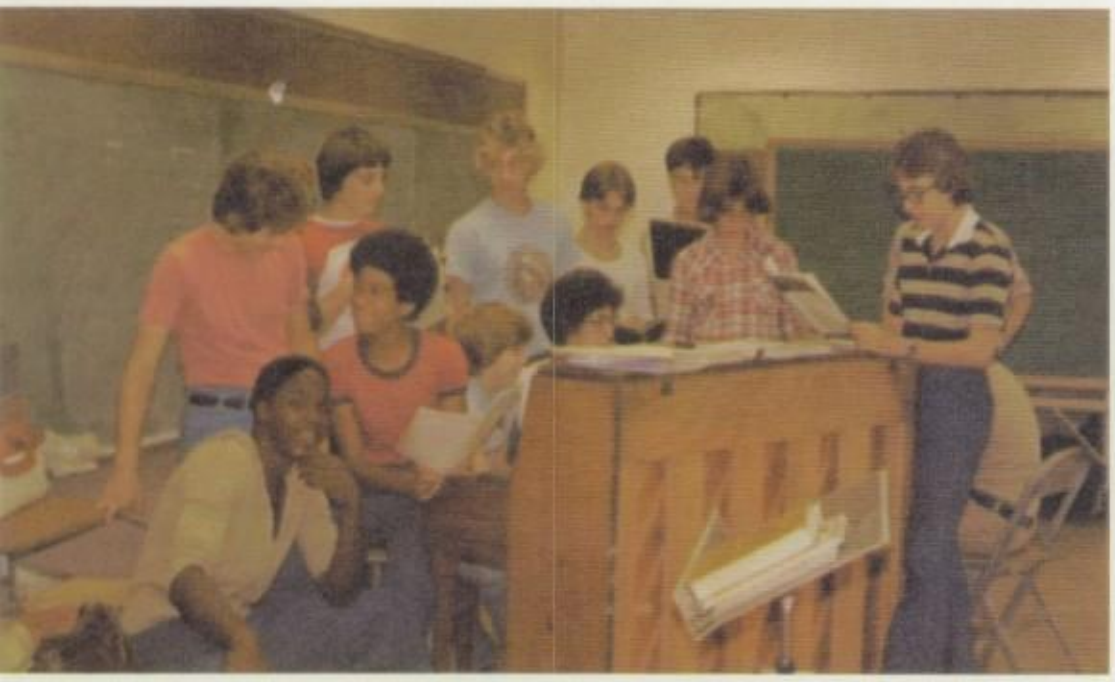
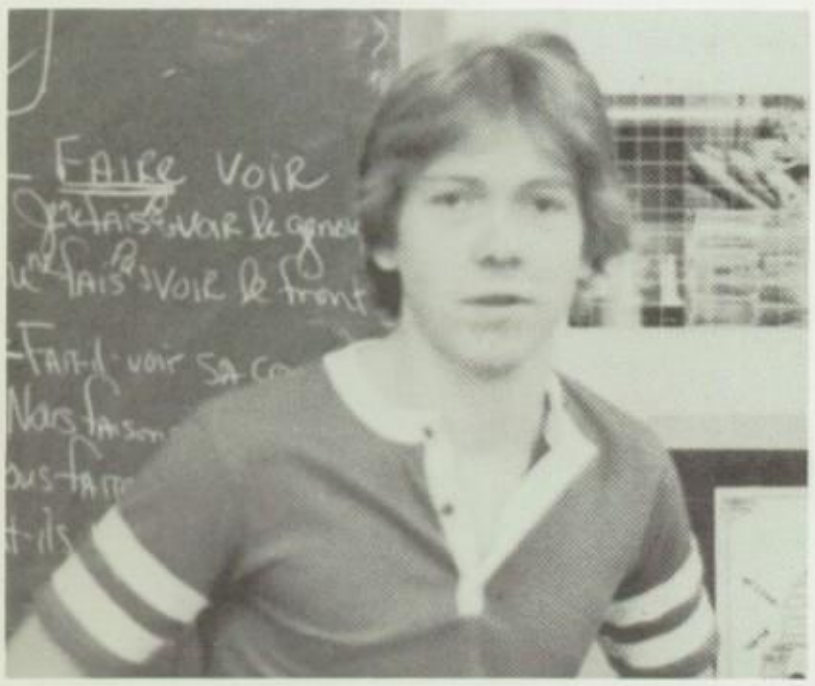
# The Site Is . . .



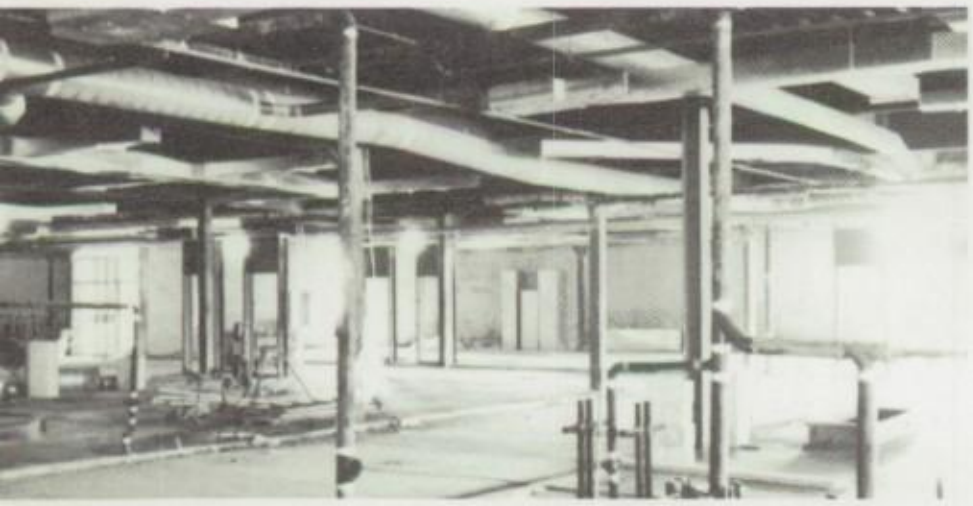
# . . . People

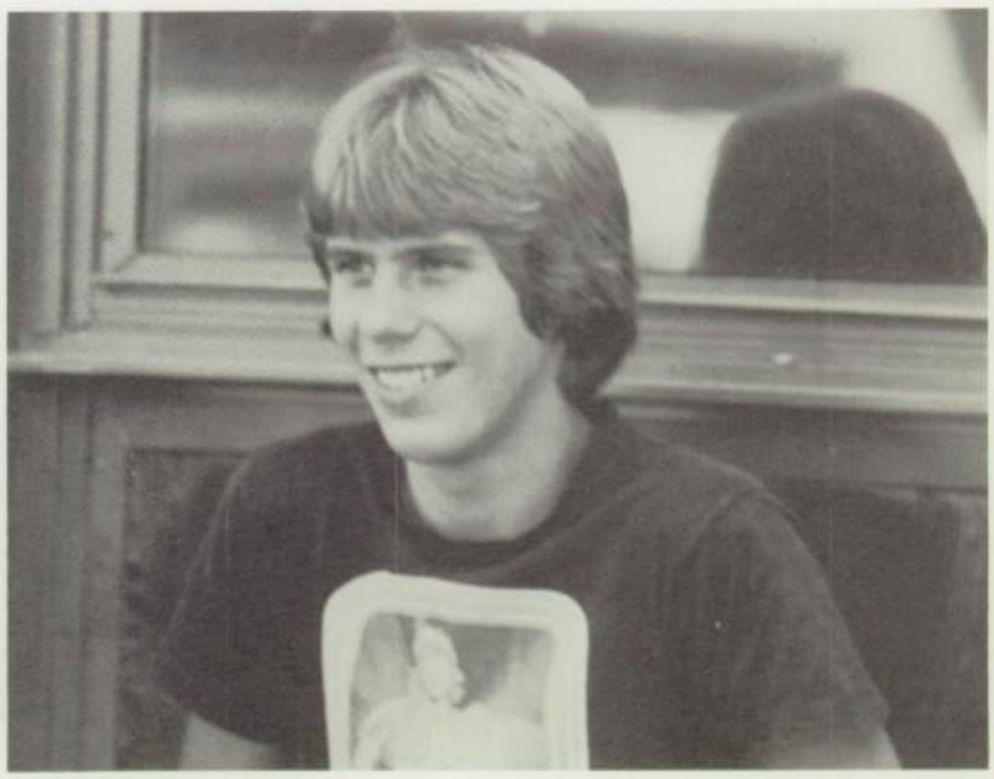


# Places . . .



# . . . . . And Things



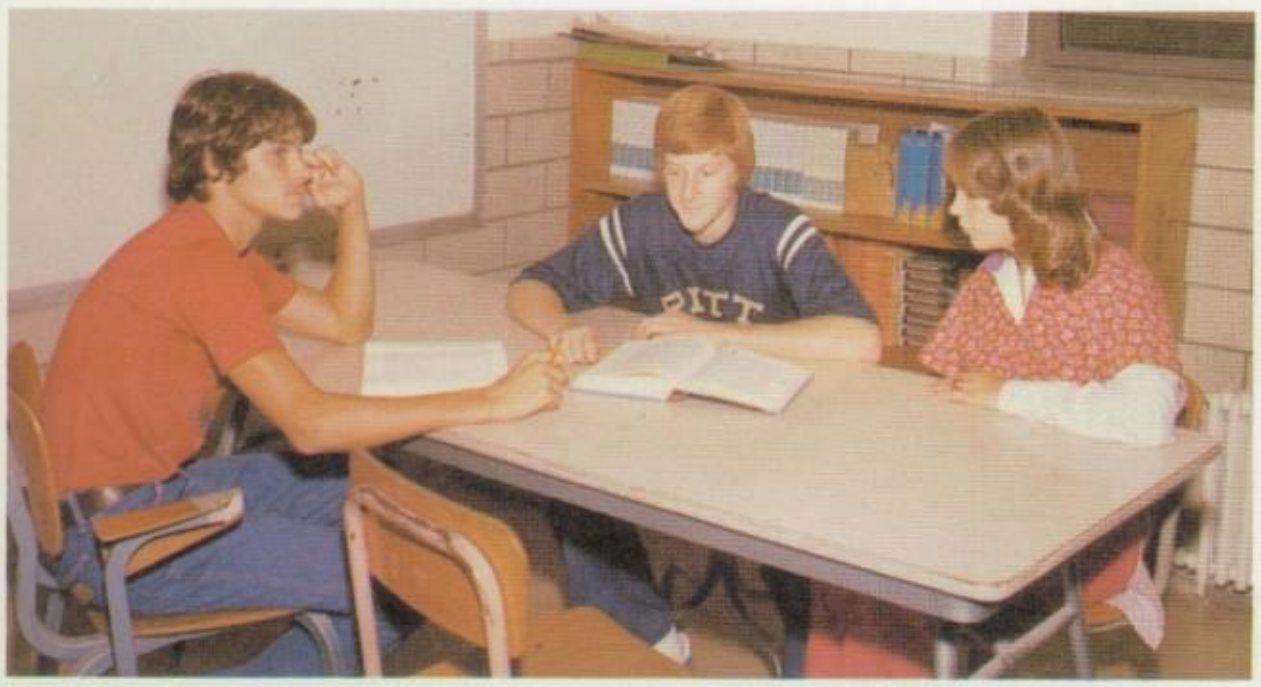


Construction of your mind is the cornerstone to the building of your life.

Michelle Martin

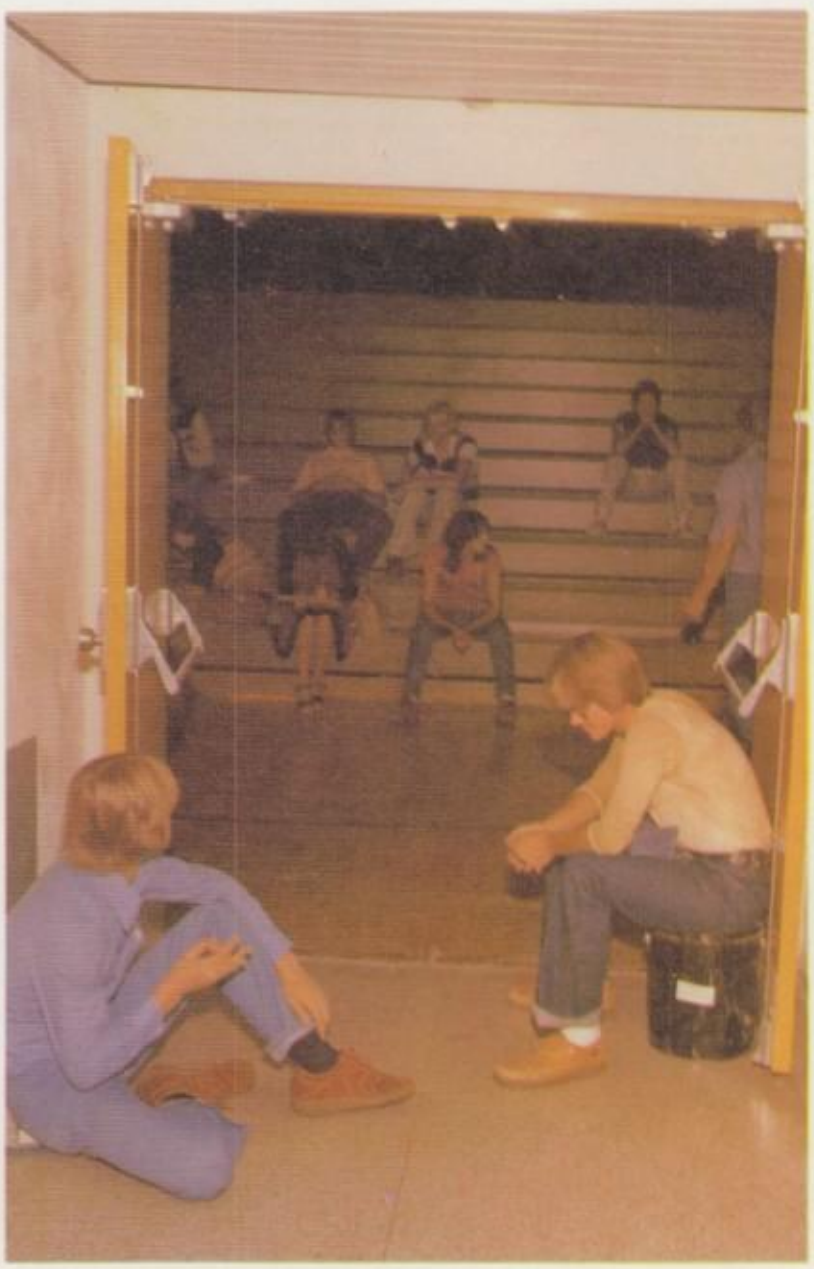
Construction . . .
the creation of a huge building . . .
life!

Amy Runkle



'The Site' is an appropriate theme for our yearbook. Ringgold High School was unique because it *was* a construction site. The students attended school and received an education amid a flurry of activity. They watched as the campus was reconstructed and made into a better place. 'The Site' was relevant to the student body because they experienced the renovation of a building and hopefully of themselves.

Brian Hyslop



Every once in a while you have to have a temporary inconvenience for a permanent improvement.

Bob Irey

The confusion of attending high school at a construction site proved the character of the student body, because through it all they remained strong. The students of Ringgold High School were a better breed than most. They built upon what they learned and did not allow such minor occurrences as tar stench and paint fumes to lower their morale. Although things were rough, the students who attended during the renovation can be proud. They realized that the purpose of school was to provide them a way to build themselves into mature and intelligent adults with a worthwhile future.

Brian Hyslop

Construction of a building takes a few years, but construction of a person's intelligence takes a lifetime.

Rich Scagline

The sights are not the same as many
remember.
Our surroundings have changed from day to
day.
Amid the construction and other mayhem,
We will try to stick together,
And do the best we can.

Helen Smith

Construction is the building of new
nd better things. Although it may
nnoy some, it is for the good of
uman improvement.

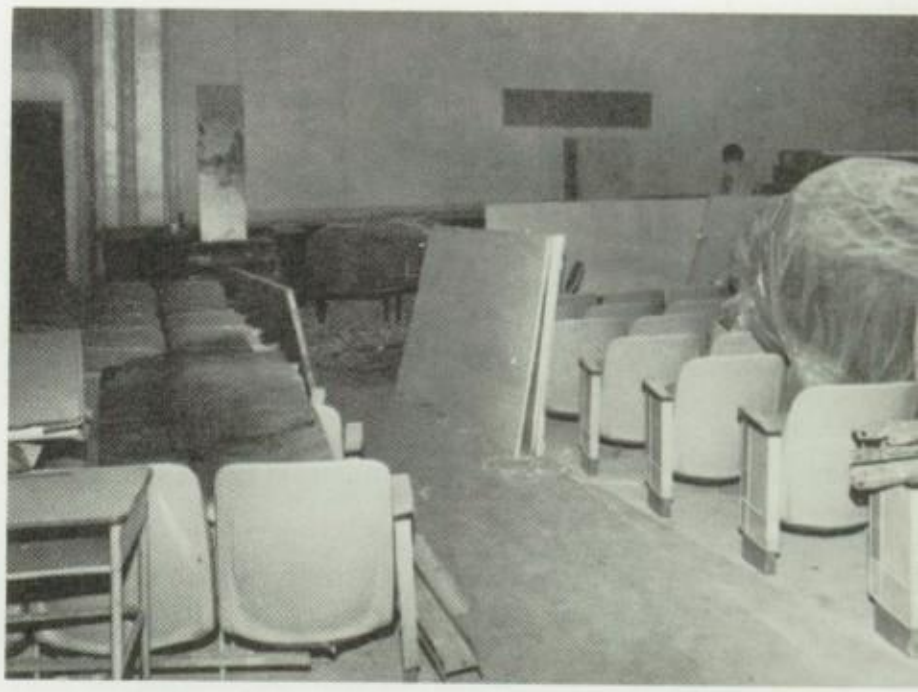
Linda Margoni

Construction of our lives, as in the construction of a building, must be planned carefully and meticulously.

Brenda Heidelbach

We must construct our minds with the building blocks of education.

Patty Janosik



onstruction has a special meaning to the students of Ring-
old. We hve seen how a building can be changed from an
utdated relic into an updated building. We have noticed the
etamorphosis of a building with strong foundations into a
uilding with a bright new face. The construction of our
hool was hopefully not the only construction that we have
itnessed. As many of the student writings throughout the
*ame* explain, construction also takes place within ourselves.
/e grow as we attend school. Hopefully, we enter our high
hool years with a strong foundation and leave with the pol-
n of an intelligent adult. Construction does not end at grad-
tion, however. It continues, if we are lucky, until the day
e die.

Brian Hyslop

Workers construct knowing that their efforts will be around long after they are gone. People should build their lives in hopes that they will be remembered fondly after they are gone.

Dottie Burgoyne

The lives we will live tomorrow are determined by the lives we live today.

Brian Hyslop

I remember eyes upon me as I engaged in athletics, did homework, walked in processions. Eyes — not critical, not blandly curious, but filled with gentle concern and heartfelt pride.

I remember so much to see, so much to do. My eyes were always fixed on what was ahead, and all the activities geared around brief touches with Home Base.

# Fine Arts

A building is built to be functional, but function is not solely considered. Aesthetic beauty is also taken into account by any architect. So must we be like the good architect and never ignore our cultural development. Music, art, drama, and communications have long been recognized as essential parts of any society. The inner talents or appreciation we have for any of these must be cultivated. At Ringgold we are honored to have trained professionals who enlarge our world and let us view it in a new perspective.

ADMINISTRATORS: Director of Elementary Education George E. Watkinson, Superintendent Dr. George Bulazo, Jr., and Director of Educational Facilities John J. Ross.

The day-to-day running of the

school is the job of an often unappreciated administration. Every high school has problems, be they big or small, which arise every day. We can be grateful that the administration keeps everything running smoothly. All too often, as happens in most places, we ignore the benefits which we receive from those in charge and instead concentrate on the rules which we do not like. The administration is an essential part of our school which deserves more praise than they are ever given. The job is not easy, but we are fortunate to have an administration which usually does a fine job keeping Ringgold High School running.

Nancy Snodgrass waits patiently while Mr. Caudill measures her for her "golden halo".

*the ultimate:*
finding new and
challenging horizons.

Nina Patterson enjoys reading one of her favorite books.

Death is never easy. It is always a shock and always hard to face. But it is especially hard to accept in a young person. For death forces us to examine ourselves — to do some soul-searching and thinking about what we're here for, what is life for, what does it mean? Little more needs to be said about how deeply the Senior Class was affected by the loss of two of our classmates, Jeff Giovannucci and Bryan Walters.

Jeff and Bryan were two different people with different outlooks on life, yet each of them affected all of us in many ways. Jeff and Bryan had many friends who miss them greatly. The happy memories left in the hearts of their caring companions serve as the best tribute to two fine young men. We might also heed the advice of Henry Thoreau, "All I can do for my friend is be his friend."

# Captures Section

The Rams' Mark Matsko makes a good return.

For the first time in their seven year history, Ringgold's tennis team captured the WPIAL Section 5 title. With a league record of 14-0, the Rams, coached by Mr. Keith McMonagle, reached the play-offs. After a tough season in which they faced stiff competition from McKeesport and Thomas Jefferson, the Rams advanced to the second round of the play-offs. They defeated Peters Township by a score of 4-1, but were later downed by Mount Lebanon. The success of the 1978 season was due to the experience and talent of each of the players.

Besides being the section champs in '78, the Rams had several individual winners as well. John Chatlak, who went undefeated in singles play last year, was the Section 5 Singles Champ. After winning the Section 5 championship, John went on to capture third place in the WPIAL Singles Tournament. Artie DiFrancesco finished in second place in the Section Singles Championship, behind teammate, Chatlak. In Doubles play, the team of Artie DiFrancesco and Mark Matsko captured the Section Doubles Championship. Artie's Singles record for the 1978 season was 21-3 and Mark's was 17-6. These fine individual players prove that the tennis team was an all-around winner.

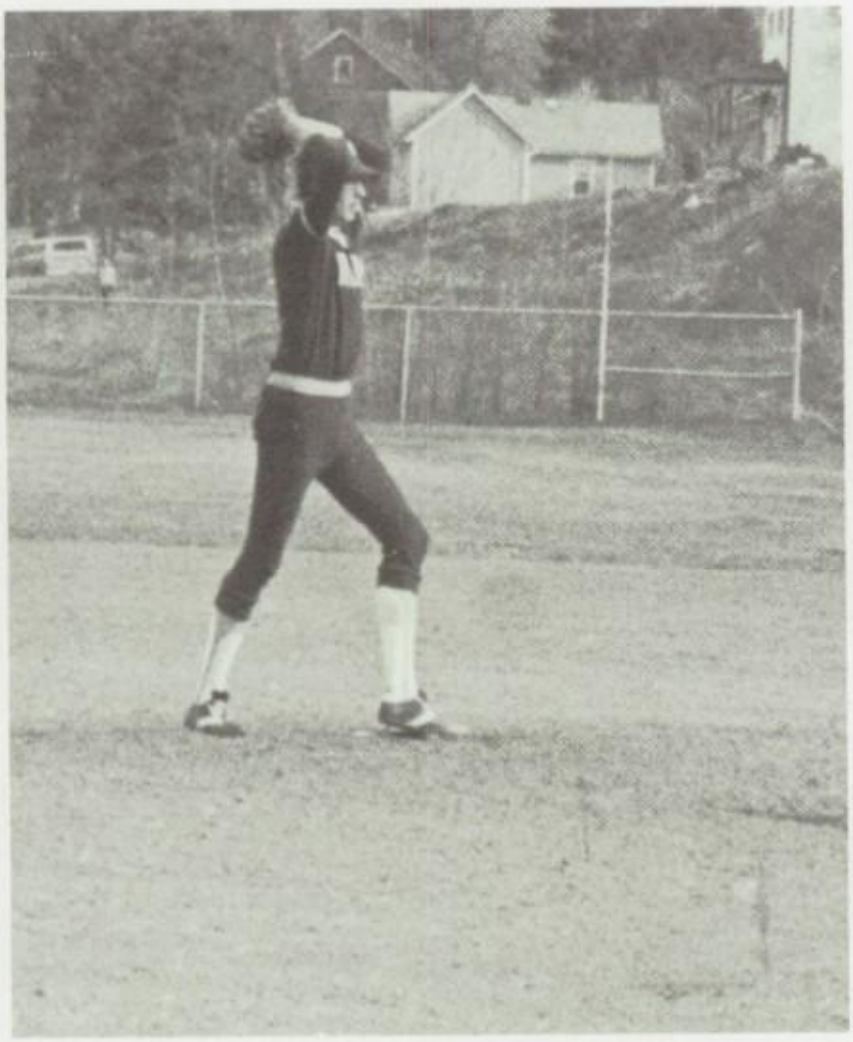
Coach Kendra points out the Rams' mistakes.

Always on the ball, Brian Lyons makes a dependable second baseman.

In 1978, the Ringgold baseball team captured second place in their division. Coached by Mr. John Kendra and Mr. George Eckert, the Rams had an impressive 16-5 record for the season. With tough opponents such as Connellsville, Charleroi and Monessen, the '78' Rams worked hard to reach their high standing. Along with the Rams, pitcher Gary Columbus had an outstanding season by pitching two no-hitters against Laurel Highlands. The Rams' talent and team effort paid off in 78.



Pitcher Skip Koskoski displays his winning wind-up.

Apparently, Gary Columbus enjoys sitting in the dug-out more than playing ball on the field.

# Track Teams

Jim Phillips and Pat Williams warm up in the gym before going out to the track.

Ringgold's boys track team had a fairly good season in 1978. The Rams captured either first or second place in all of their dual-meets and tri-meets. Jim Bavuso (high jump) and Jim Fitch (shotput) each captured firsts in their event at the Tri-State Meet, where the Rams came in ninth place out of 51 teams. In the W.P.I.A.L. Qualifiers, Jim Bavuso and Jim Fitch clinched firsts for the Rams, Keith Kles came in second in the discus, and Tim Boyd took fourth in the two mile run. Once again Fitch and Bavuso placed well for the team, in the W.P.I.A.L. Finals. Jim Fitch claimed a first place in the shotput and Jim Bavuso a third in the high jump. Both competed in the P.I.A.A. state competition and Jim Fitch became the state champ in the shotput. Jim Fitch, who is truly an outstanding athlete, participated in the 1978 Jr. Olympics over the summer. He placed eighth in the overall shot competition with a throw of 5' 6½". With the talent of Jim and several other track veterans, Ringgold is sure to be victory bound.

For Ringgold's girls track team, the 1978 season showed great signs of improvement. Although the team gained only one victory, in which they defeated Chartiers Houston, they displayed strength and talent in each meet. In '78 several school records were set by members of the team. Sue Cogar and Shirley Gillock both set a javelin record of 101' 6". Also, Sharon Larkin (shot-putter) and Jill Gibson (sprinter) scored the most points ever for the Ringgold team.

# Golf Goes Undefeated

The drive is an essential part of golf. Jacki Barna prepares to aid the team with her excellent style.

Rick Ratchford concentrates on putting.

Scott Criss displays PGA form.

Ringgold's golf team had an undefeated season in '78 and became the champs in the Mon Valley Interscholastic Golf League. Coach Ron Tumidajski's team defeated all of their opponents through their teamwork and consistent scoring. Besides their team efforts, a few of Ringgold's golfers captured individual honors. Dave Prystash, Scott Spragg and Dave Pollock qualified for the WPIAL Area Tournament in Sept. of '78. Jacki Barna competed at the Champion Lakes Golf Course in the qualifier for the Pennsylvania State Girls Championship.

Although they failed to put a lot of points on the scoreboard, the effort and teamwork displayed by the Rams in the 1978 season is commendable. Their 1-7-1 record is misleading, because the Rams played strong, consistent football throughout the season. The Rams' big victory was over Monessen, a long-time rival, in which they scored one touchdown to give them their win. Coach DeFelices' Rams performed well in each game and received strong support from their fans. Also, seniors Eric Barbao and Mike Sloan of Donora were named to the Big Ten All-Star team.

Beth Dougherty and Renee Saucier prepare to return the serve.

In all sports, teamwork is the key to success. Renee Saucier, Patty Pandrock, Beth Dougherty and Bethnell Carson, combine their skills and effort for the benefit of the team.

The Ringgold Ramettes Volleyball team had a winning season in 1978. The varsity team had an exceptional league record of 9-3. The Ramettes, coached by Miss Lori Bartley, were denied the chance of becoming the section champs by tough opponents: California and Mon Valley Catholic. Although they didn't capture the section, the Ramettes finished a strong third place under the leadership of team captains Bethnell Carson and Renee Saucier. The Ramettes' spiking ability, combined with their knowledge of the basic skills, was the key to their success.

Everyone watches with amazement as Gail Stefan spikes the ball.

# Victorious Season

Kathy Weidman, Beth Pandrock, and Paige Milanscic are very proud to be Ramettes.

The junior varsity volleyball team also finished well in the '78 season. They had an excellent 11-1 league record. Teamwork was the key to success for the J.V.'s. Lori Kerusken, who was the captain for the J.V.'s, helped lead the Ramettes on to victory. The only loss suffered by the Ramettes was to top rival, Mon Valley Catholic. With the return of most of the J.V. players, the Ramettes are sure to be just as successful in '79.

George Schoedel, Keith Kles and Shawn Burns team up to keep the ball away from the opposition.

Coached by Mr. Loyal Dean, the Ringgold Soccer team struggled through the 1978 season with an overall record of 1-12-3. Despite their record, the soccer team showed a lot of hustle and improvement throhout the season. The Rams participated in the Edgewood School for the Deaf Tournament in which they took second place. Larry Manning of Donora, who was leading scorer for the soccer team, received an award for the best offensive player in the Edgewood Tournament. Also, senior Keith Kles was elected to the All-Star team.

In 1978, Ringgold's Cross Country Team, coached by Mr. Dave McVicker, wrapped up the season with a 5-3 dual meet record. The Rams also competed in several multiteam tournaments in which they finished as high as fourth place. In the WPIAL Qualifier, the Rams finished fifteenth. The Junior Varsity team captured second place in the Washington County Coaches Meet, and they also won dual meets against Baldwin and Upper St. Clair. Overall, the Rams had a successful season in '78.

In 1979, Ringgold's basketball team, under the instruction of coaches LaMendola, Velicky and Wunderlich, finished high in the Section Standings. With the return of nearly all of their starters, plus many other veterans, the Rams had a highly sucessful season. The Varsity "hoopers" attribute their fine season to experience and skill.

Brad Bright intimidates a Yough player.

In every basketball game, the action begins with the jump ball. Jubal Brown performs the feat here, in the Yough game

John Chatlak and Skip Koskoski seem to tell the opponent to "stand back".

Brad Bright and Skip Koskoski look on as Jubal Brown scores two.

Ringgold's most outstanding player in the '79 season was their captain, Rick Webb. The three-year veteran has been a starter for the Rams since he was a sophomore. This outstanding senior has been among the top ten scorers in the league for the past two seasons. Rick's excellent scoring ability and rebounding skill have enabled him to play on many all-star teams. Both Rick Webb and the Rams are true champions.

By the looks of the bench, the Rams are expecting another victory.

# Hockey Team

The Rams prepare for the face off against South Allegheny.

Steve Jones and Scott Wright seem to be distracted by something at the other end of the ice.

Hockey is, undoubtedly, one of the roughest and most exhausting sports. It takes a lot of strength, co-ordination and skill to be a hockey player. Ringgold's hockey team, despite its large amount of young players, displays all of these talents. The Rams had an exceptional season in 1979. Due to the scoring ability of Tim Parsons, Scott Wright and Tom Parent, and the leadership of seniors Steve Jones and Mark Matsko, the hockey season was a huge success.

# Dalls

This year Ringgold was particularly proud of its award-winning Dalls. In addition to their excellent half-time performances, the Dalls were active participants in many majorette contests. They won first place in two National Baton Twirling Association contests, receiving trophies and individual medals. Also, last summer the four senior Dalls, Vicki Fields, Jeri George, Rose Parish, and Terrilyn Polonoli attended the Superstar Drill and Dance Team Camp at Duquense University for four days. They were awarded a "Superstar" trophy, first place, for their efforts. Rose Parish, captain of the Dalls, was picked the sole winner of a Drill-Down competition composed of 250 majorettes.

# To Broadway With Love . . . A Smash Review

"People," sung by Karen Lang was one of various solos.

A totally new idea was innovated in the 1978 musical production — a review which incorporated the talents of dancers, singers, actors and writers. The script was written by Denise Ferbas and Debbie Buell and was performed by a cast of six. The musical cast performed songs from various Broadway hits such as *Brigadoon, West Side Story* and *Jesus Christ Superstar,* in both solos and group efforts.

Michele Tokar and Holly Kerr share their dancing talents with the audience.

# Art

The world of art is built around creation that satisfies the eye and soul.

Students pictured here are hard at work in the art room.

Grade school students watch as Alice Kosa demonstrates her artistic abilities.

These watchful eyes were painted by Denise Roman and Cheryl Custer for the annual Halloween store-front painting contest.

Mike Ghrist creates his own version of the Egyptian King Tut.

Throwing on a potter's wheel takes great concentration as demonstrated by Spanky Emerick.

At Ringgold High School there is a long and illustrious history of academic excellence. However, it must be remembered that Ringgold is also known for its talented musicians. Sometimes the turnout at concerts is not what the choir members and director had anticipated, but the students usually manage to rally and give their support and appreciation to those dedicated people who have done a good job to the best of their ability.

Alicia Richey nervously awaits her turn to do a solo.
